

**2010 Application for Incubator Booth
Durango Farmers Market**

The incubator booths are for backyard/small gardeners who would like to test out the market and hope to grow enough to become permanent vendors in the future. This booth is for all agricultural related items. This booth will be available to any one vendor for **up to two markets depending on availability**. Anyone interested in participating in an Incubator Booth must fill out the regular application as well as this form. You will be held to all the Rules and Regulations, By-Laws, and sign an Affidavit/Sampling Form of the Durango Farmers Market. (Exception is the license, see below)

This application must be mailed to Durango Farmers Market, PO Box 3761, Durango CO 813012, and must be received before the Wednesday before the market you plan to attend. Applications are available on line or at the Durango Farmers Market Booth at the Market. You may also submit an application at the Market to Steve Van Buskirk, Manager DFM. Fees will be collected at the market before set up.

Acceptance will be at the discretion of the Durango Farmers Market Board based on the objectives of the booth.

Cost - \$25 due on day of market (prior to set up).

Up to two markets depending on availability.

Tent, Table, and Display – Tent and table may be available. Check with Market Director for availability.

Display is up to you. However, you must post the name and location of your farm/enterprise.

Taxes – You will be provided an envelope to submit your taxes to Peg at the end of the market. Please make sure to fill out the front of the envelope along with your taxes due for that market day. If you sell produce you will submit 3%, if you will be selling other ag. related items (example: potted plants, yarn, etc) you will submit 7.9%.

License – The incubator booth is the only vendor booth that will not be required to have a business license, as you will be submitting your taxes to DFM which will in turn submit to the city, county and state.

Keep the above for your records. Return the bottom portion of this form
